

"BUFFALO BILL" HAS CHANGE OF HEART

Rumor That He Will Go to North Platte, Neb., and Endeavor to Effect a Reconciliation With the Wife of His Youth.

(Special to The Herald.) Cody, Wyo., Dec. 12.—It is asserted by friends of Colonel W. F. Cody (Buffalo Bill) that the ex-scout and wild west showman, will leave here on the 15th inst. for North Platte, Neb., and that while there he will call on his wife, from whom he recently sought a divorce, but was denied by Judge Root of Cheyenne. It is said Cody seeks a reconciliation with Mrs. Cody, with whom he has not lived since 1902. It is not stated whether love or business has influenced Cody to go to North Platte, but all of his friends and acquaintances would be pleased to learn that it is the former. It is well known, however, that Cody has long desired to dispose of certain property, but has been prevented by Mrs. Cody. Under the Nebraska laws the wife signs all deeds and mortgages with her husband, and no deal can be made without her sanction and signature. It is a well known fact that Cody

POPE PIUS EXHORTS THE POLISH PEOPLE TO OBEY CZAR OF RUSSIA

Rome, Dec. 12.—The pope has issued a most important encyclical addressed to the bishops of Russian Poland recommending the Poles to co-operate in the pacification of the empire, obey their rulers and avoid sedition. The pope says he is preoccupied by the grave crisis in Poland, and will try to contribute to its complete pacification. Evils are afflicting Poland and many duties weigh upon the episcopacy and the faithful. Among the evils are subversive parties which are spreading terror and causing damage. Although the good Poles are in the majority, they lack energy which renders possible the deplorable excesses, unworthy of a civilized people, such as massacres of Jews, which are condemned and detested by the evangelical law which imposes love on all indiscriminately. Recalling the words of Pope Leo XIII in his encyclical of 1894, the pontiff says: "Be submissive to the rulers who ex-

DEMOCRATS CARRY BOSTON BY LARGELY REDUCED PLURALITY

Boston, Dec. 12.—The Democrats were victorious in Boston today, electing former Congressman John F. Fitzgerald mayor over three other candidates. Fitzgerald's plurality over his nearest competitor, Louis A. Frothingham, Republican speaker of the Massachusetts house of representatives, was 3,280. The vote for mayor follows: John F. Fitzgerald, Democrat, 43,316; Louis A. Frothingham, Republican, 35,032; Henry S. Dewey, Independent Republican, 11,457; James A. Watson, Citizens' and Independent Democrat, 515. The vote today was unusually heavy for a city election, more than 52,000 votes being cast out of a total registration of 114,000. Two years ago Patrick A. Collins, a Democrat, was re-elected by a plurality of more than 30,000. In the recent state election the Democratic gubernatorial candidate carried the city by a plurality of approximately 14,000. It was evident tonight that Fitzgerald did not receive his full party vote, several strong Democratic districts giving Frothingham a plurality because of factional differences. To complicate the situation there were two Republican candidates in the field. Frothingham was the regular party nominee, having defeated Henry S.

GUNBOAT WASP SAFE FUNERAL OF MITCHELL

Little Vessel Succeeded in Reaching Port After Terrific Battle With Wind and Wave.

Newport, R. I., Dec. 12.—The little gunboat Wasp, formerly the yacht Columbia, came into port this afternoon under full power and several sails after a terrific battle with a North Atlantic hurricane, during which she sprung a leak and was kept afloat after her pumps choked, through hard bailing by her entire crew. The little vessel was blown nearly to the Gulf stream by Sunday's storm, and was nearly two days getting back to port. At one time the water, which came in through a leak in the stern, flooded her engine room and for ten hours on Sunday the Wasp was at the mercy of the waves. The crew of sixty men, a third of whom were naval apprentices and unused to the boisterous conditions, bailed for hours with buckets and succeeded in freeing the engine room. Hospital Steward White sustained a broken rib, but refused to give up his place in the bailing line. The success of Chief Boatswain Hugh Sweeney, the commander of the Wasp, in bringing his vessel through the hurricane under such trying circumstances, received the commendation of the officers of the naval training station here, to which the Wasp is attached. The Wasp left at 1 o'clock Saturday for the assistance of the brig Harry Smith, in bringing his vessel through the hurricane under such trying circumstances, received the commendation of the officers of the naval training station here, to which the Wasp is attached. INDS WEALTH, IS KILLED

Former Utah Man Dies as Result of Blast After Making Strike in Colorado. George Spratley, an old prospector and miner of this state, who left Utah a year ago to mine in Colorado, was blown to pieces by a powder explosion in Nederland recently, according to a message received in Salt Lake from Denver yesterday. Spratley, it is reported, was thawing the powder for blasting in a prospect he was working, when it exploded prematurely, tearing his body in fragments. He had just uncovered a fine body of ore.

PRELIMINARY TRIAL BEGINS

Chicago Beef Packers Being Tried in a Bunch.

Chicago, Dec. 12.—Attended by an imposing array of legal talent and crowds of spectators, the preliminary trial to the formal trial of the "beef trust" cases began today before Judge J. Otis Humphreys, in the United States court. The issues to be tried were on ten special pleas raised by the packers and which must be settled by a jury trial before action is taken on the indictments returned by the federal grand jury. Case of McRoberts. The case had scarcely opened before the government and the defense clashed in a mild way. Attorney John S. Miller, acting for the packers, demanded without qualification that the charges against Samuel A. McRoberts, of Armour & Co., one of the defendants, be dismissed at once. District Attorney C. B. Morrison, for the government, asked for one day's time in which to consider the matter. He admitted that Mr. McRoberts had testified before the grand jury which returned the indictments. Attorney Miller, however, in view of that fact, although the defendant had entered special pleas, under the law McRoberts must be discharged. Prisoner Discharged. Judge Humphreys said that he understood the law to be as stated by Mr. Miller, whereupon the district attorney entered a nolle prosequi, dismissing the charges against McRoberts. James R. Garfield, commissioner of corporations, upon whose testimony most of the government's case depends, was among those in the court room this morning. He was asked to tell what he did while investigating the beef industry, and whether, under that investigation, the present defendants were promised immunity in their cases. Five men from Mr. Garfield's department will be here tomorrow to give evidence in the case. Separate Trials Demanded. The attorneys for the defendants demanded for their clients a separate trial in each case. District Attorney Morrison objected. Attorney Miller spoke at length on the right of the defendants to separate trials and was finally interrupted by Judge Humphreys, who said: "In postoffice burglaries we would require them to stand trial together, would we not?" "Yes, your honor," replied Mr. Miller. Will Be Tried in a Bunch. Other attorneys for the packers made lengthy arguments for separate trials and District Attorney Morrison objected for the government. The debate finally subsided into a conference, and it was agreed that the defendants would stand trial together, the defense announcing it had no desire to prolong the trial indefinitely. It was also agreed that both sides should have seven days' preparation for the trial, and that the trial should be held for each juror, or twenty-four in all. Challenges may be made for cause. No proceedings were held after the agreement regarding the trials had been reached and the selection of a jury will commence tomorrow morning.

OFFICERS LOCKED UP

Lieutenants Burbank and Snyder Court-Martialed at Manila and Found Guilty. Fort Leavenworth, Kan., Dec. 12.—Advices received here today are to the effect that First Lieutenant Sidney S. Burbank and First Lieutenant David A. Snyder, both members of the Sixth Infantry, have been placed in jail in the Philippines for "conduct unbecoming officers of the United States." The exact nature of the charges is not known here. Both are well known officers. Lieutenant Burbank came into prominence by becoming engaged to a prominent Leavenworth woman and recently secured a conditional divorce from Burbank. It is stated that the sentence growing out of the court-martial that recently tried the two officers was for a year in a penitentiary. If not set aside, Lieutenant Burbank probably will be confined in the prison here or at Alcatraz island, California. The court-martial in Burbank's case grew out of charges brought by the Vasquez woman.

WILL BE JAMMED THROUGH

Republican Caucus of House Members Called to Cinch the Joint Statehood Bill. Washington, Dec. 12.—The house will dispose of the statehood question before the holiday recess, according to the plan formulated today. The precise manner in which statehood is to be granted to the four territories will be set forth in what is known as the Hamilton bill, giving statehood to Arizona and New Mexico as one state and to Oklahoma and the Indian Territory as another. The bill embodies the minor provisions agreed upon by the conference committees of the two houses at the last session of congress. The plan for statehood legislation will be made specific at a caucus of Republican members of the house to be called tomorrow for Thursday evening. The committee on territories will meet in the morning and perfect the bill. Several minor amendments will be made at the suggestion of delegates from Oklahoma sent here for the purpose. The bill, however, will not be reported to the house until after the caucus takes action. Beside deciding on its provisions it is the plan that the terms of a rule shall be agreed upon in caucus under which the bill will go through the house. There is known to be some Republican opposition to statehood as proposed in the bill, but this opposition is not regarded as serious. GOODING IN NEW YORK. Idaho Governor Talks of the Gem State's Wealth. New York, Dec. 12.—Governor Frank A. Gooding, of Idaho, is in this city talking Idaho. He came here from Philadelphia, where he had the satisfaction of seeing his 13-year-old daughter, Louise M., the youngest girl who ever christened a battleship, break a bottle of wine over the bow of a warship. The governor is here as a sort of commercial envoy from his state, disseminating information concerning Idaho's great opportunities for agricultural and industrial development. "We are all proud, of course," said the governor yesterday, "to have the largest and most formidable ship in the navy named after our state. At the same time we know and don't mind saying that the state is worthy of the battleship. "In sugar beet culture, for instance, Idaho will soon be the leading state. "In the northern part of the state we have the largest tract of white pine in this country, and we also have extensive forests of yellow pine."
